Continuation Sheet

Arrested Last Name: WILLIAMSFirst: GARYM.I. L

I activated my emergency lights to make a traffic stop and have suspect vehicle pull over. The suspect vehicle was a silver Volvo SUV with no tag. The vehicle was in the far right lane and was straddling lane lines. The vehicle failed to yield so I activated my siren as well. The vehicle started changing lanes and initiated a pursuit. The vehicle continued northbound on N. Classen Blvd. running through a red turn signal to go westbound on NW Expressway. As the vehicle approached the red traffic signal light at NW Expressway and I-44, the vehicle nearly hit a stopped vehicle in the intersection. The vehicle continued to N. Independence Ave where the vehicle went south and then turned into the main entrance of the Integris Baptist hospital on the east side. The vehicle went behind the round-about. I pulled my vehicle around to the south side of the round-about where I thought the suspect was going to flee into the hospital. I saw people running into the hospital. When I passed the round-about, I observed the suspect vehicle coming straight towards my car. I sped up to avoid a collision. The suspect had the ability to deviate to the left avoiding my patrol, however the suspect turned his vehicle to the right causing him to collide with the passenger side of my patrol car.

The suspect vehicle then accelerated and intentionally crashed the vehicle into the main sliding doors of the hospital. There were several people in the bay area of the patient drop off area as well inside the atrium where the suspect drove his vehicle into. One individual was an elderly male that was within a couple feet of the suspect vehicle hitting him. The suspect was tased and taken into custody without further incident. It was later found that the suspect was (AR) Gary Williams who did not have a valid drivers license.
